The [International Exhibition of Inventions Geneva](#) continues its expansion outside of Switzerland by organizing the Silicon Valley International Invention Festival in collaboration with the International Federation of Inventors Associations. This event will be held on June 24-26, 2019 at the Santa Clara Convention Center in California.

The [Silicon Valley International Invention Festival](#), the only event of its kind, exclusively dedicated to inventions in the United States, will be organized by Palexpo SA and hosted by the International Federation of Inventors Associations. Palexpo SA wishes to consolidate Geneva's Inventions Exhibition by building international relations.

Supported by the World Intellectual Property Organization, the Swiss Consulate General of San Francisco, the city and the University of Santa Clara in collaboration with the US Patent and Trademark Office, this festival targets manufacturers, industrialists, commercial agents, financiers who can find hundreds of new products ready to be marketed. Nearly 600 new inventions will be presented by 400 exhibitors from 25 countries. More than 2,000 visitors are expected for this rendezvous in Silicon Valley, the cradle of high technology, innovation and social networks.
